**VP:** Denise Beall- present

**President:** Roy Handoko - present

**D.O.T:** Christopher D'Alessio – present.

## **REGULAR REPORTS**

### **Membership, Registration & Administration;**

We currently have 31 members signed up. Some are family memberships.

Test N Tune 15 (gets capped at 50) & 13 for the Sunday event at Grissom. May want to look at boosting that even and reach out to the other clubs in the area. There is a National event there in June so good to push this event. (Reach into INR, Indianapolis, South Bend, Champaign County, etc.)

Andy Francis will be there to help with reg on Saturday at Test N Tune, leave reg open til noon. Sign before you come into the gate and then check in that you are there running.

Dave Becker will be there to help Denise with Registration on Sunday.

### **Equipment, Property & Technology;**

Pronto was an issue for us Sunday. Ryan worked through that with the people that he needed to. Heat one was pretty much a manual enter but by afternoon, was running.

We also need to watch the distance from start, finish & trailer to timer and use the external antenna.

Need to get copies of TIMER & MASTER INCIDENT SHEETS. Heather will speak to Erik Vandermey on Wednesday at the track meeting to see what he knows about stuff in the drop box. Heather will try to get the link and will share with Christopher so he can make sure we have clean copies.

### **Schedules & Sites;**

Heather has a meeting Wednesday and will have more info on Track Sprint. Currently we have only two dates and one in conflict with one of our AutoX events on 9/24. Heather is in hopes to get a third

event with another region. Roy has contacts in Milwaukee and will share with Heather. She is currently trying to reach out to Jeff Fox.

For Grissom on 5/14 & 5/15 for test and tune and Race event. Need to get details for getting access to Grissom and who we get that from. Denise will check with Jerome.

**Trophies**; CD would appreciate help with the spreadsheet

1. Roy will help with autocross (only 11 class winners)
2. Heather will help with TrackSprint, jackets to class winner (10 class winners)
3. both will help with follow-up and information
4. Needed: List of Names, text to put on each person's jacket, get sizes → may need to cut back to single color to save costs (results archive 2021, some events will be double winners Track/AutoX)

Last meeting yay/nay on Chits was brought up. Having chits makes it hard to go through the shirts. Could have different shirts for different events but if it is a small turn out it will be hard to go through special shirts. Will need to visit this again next year and hopefully things will be more normalized and we may see bigger turn outs. We will continue chits this season.

**Sponsors**; Need to reach out to SPS, Hagerty, Tire Rack/Discount about sponsorship, do they still want to sponsor us (Denise will look into reaching out to sponsors, Roy said he will split the work). Also need a SCCA decal for TSSCC trailer.

**Event Review**;

Besides the timing hiccup in first/second heat everything went very well. Did four runs in the morning and three in the afternoon. As soon as heat four was done it started to rain. Had plenty of people that helped out in the morning. Big help with the A street guys at clean along with others. Chris Perry designed a fun, fast course and would love to do that course again with warmer weather. A lot of people told him they enjoyed it.

Christopher canceled and reentered all the credits for those who canceled for the 1<sup>st</sup> event.

**New Business/Old Business**;

Need to have more assistance with specialty roles, learning/shadowing. Would love to have more people who can become familiar with Pronto. The more people we have helping out will allow everyone more time to enjoy themselves and to get involved.

Still looking for course designers for some of the events.

**Announcements**;

South Bend and Indy Region are working on pavement at Grissom from 9-2 this Saturday their time, where they will be mowing, blowing and cleaning up and epoxy on cracks and hole on the pavement and they supply lunch.

The Bealls have wheels for sale. Voxx 15x7 aluminum wheels with like new Direzza Z2's 195/50/R15 (fits Miata) \$800.00

Darryl Dupree is selling his 1996 "GOT OATS" Mustang: 4.6 special camshafts. Lager injectors. 3.55 ring & pinion with Thorsen poitraction. Double adjustable Koni shocks. Poly bushing in suspensions. AC compressor removed and single belt rerouted. Will have new A6 tires.- Reach out to Darryl or to

Tom Beall if you need Darryl's contact info.
