

Meeting Minutes August 4, 2014

Start-7:05, attendees 19

Secretary– No Minutes for month of July yet.

Treasurer –No treasurers report. Chits 75.

Director- No directors presents.

Vice President – Paul working on the July minutes as he ran the meeting and did minutes covering for both the president and secretary.

President- No special comments outside of general meeting.

Regular Reports

Membership, registration & administration –New member, Simon was present. He drives a Mini Cooper. Discussion of last event, registration did note that they could have used someone else up at registration in the morning to help field questions from new drivers. Last event we did not have a board member that was available to stay up by registration.

Equipment, property, technology –At the last SCCA event Mike used the new wireless timing equipment and could not get the transmitter to work. The antenna was not very strong. Erik will do some research. Sound equipment was pretty good. Erik will order a tripod for the club for the sound test equipment. Aruch said wireless was dropping times occasionally. When tested at Sears it was fine but issue when testing at Joliet. Need to learn more about the features. Next even is at RT 66 on Sept 6th & 7th so we will not be bringing the trailer. We will be using SCCA equipment. We need to get trailer tires cared for. Erik says to do it.

Who will be at TSSCC Saturday Event to move the SCCA trailer that Saturday? Aruch will have a vehicle to tow it and will move it. We can also rent a truck but would prefer not to.

Question if Greg will be having a tent for kart area. Mike would like to get a second pop up tent for kart area and suggest keeping a cooler of water in that area for kart kids as a precaution.

Schedule & Sites – Schedule change September 14th now changed back to Sunday Sept 21st (Saturday Salt Creek/BMW). Our next event is Saturday Sept 6th Event #4/Sept 7th SCCA.

Trophies – Shirts seem to be a success & people like the color and design.

Sponsors –Nothing new to report.

Event Review –Event 3 Sears Center- JP Johnson course design. Fun course, horse power did not hurt you. Required skill, eyebrows in beginning, crossover, decreasing gate size etc. Maybe extra pointers

were needed for those who were DN'ing, this was mostly new drivers. Even with that everyone seemed to enjoy themselves. People were hanging out & staying for trophies.
Sears Center provided Andy Frain at both the entrance & back lot exit to provide validity to our event. They were at the BMW event the week before.
Continue to remind starters to make sure helmets are on.

Old Business – Nothing Next event on Sept 6th is chaired by Paul K & George Ortega and will have a cook out at the end. Everyone can bring goodies, sides, potluck, etc and club will provide the meat. Savannah Beall to do 50th Anniversary cake. Bring grills.

New Business – Discussed CAM Class. RT 66 for SCCA they were all in CAM. Milwaukee region did a split before 82 & after 82. We have not had anyone running CAM come up & complain about classing. Next Month's meeting will be at Fuddrucker's in Downers Grove.

Announcements- Jason Frank is soliciting opinions on the National Event on their website. They will have a tripod challenge which is fun Aug 16th & 17th.

Adjourned- 8:20 submitted by Tom Beall
