

## TSSCC MEETING MINUTES

September 10, 2018

Start 7:03 PM Attendees 10

**Secretary:** Tom & Denise Beall present. Correction to the August minutes, Erik Vandermey was present. Also, clarification that last month posted that we have "20 registered members" that was for event three, not that the club only has 20 members.

**Treasurer:** Pete Maloy present, Current bank balance is \$10,184.41. Current outstanding invoices to be paid is sanction insurance with Chicago Region.

**President Emeritus:** Bob Lindsay Not present

**Director:** Erik Vandermey present.

**VP:** Chris Perry present

**President:** David Finchum present

### REGULAR REPORTS

#### **Membership, Registration & Administration;**

TSSCC Current Membership is at 47 members.

People are registering on the INR site. We do not have to pay to pre-register. Season Pre reg list of names will be given to INR for the 9/23 event. Chris D'Alessio says we need to keep track of event on 9/30, 10/21 & 11/4 as they will require those who are not SCCA members to purchase a weekend membership. We really need to push the 9/30 and 10/21 even so we get a good turnout. Make sure to share the event notification on Facebook with other groups you may be in touch with to get the word out there. Chris Perry shared statistics on the number of hits different pictures and videos were getting on Facebook. Erik Vandermey pointed out doing a montage video for an even really gets a lot of hits. Chris also talked about the timing of posting events and doing posts and the importance of sharing right at the most common time when people are reaching for their cell phone, i.e. in the morning, lunch break, in the evening when you are unwinding, etc. Stressed to wear your TSSCC shirts to the INR event. That is another way we promote our club by wearing our shirts when we race at or go to different car events.

#### **Equipment, Property & Technology;**

Chris Perring pinging SPS to see how quickly they can get us wireless timing equipment should we decide to go ahead and make the purchase. If they can get to us in a week we can wait to see how our event on 9/30 goes before ordering. May go ahead and order depending on the timing. Will discuss more at 10/1 meeting.

Chris Gregor asked how we are doing on cones and we are doing good. Pete Maloy mentioned that it would be nice to have a collapsible cart to haul cones for setting up grid, etc. We will have to look into expense and were to find something like it.

Chris D'Alessio questioned how long we plan to keep our current TSSCC trailer. Answer, as long as it holds together. Chris has ideas to make things nicer in the trailer.

### **Schedules & Sites;**

Chris Gregor thanked us for the switch up with the dates for Street Survival. They are looking for instructors for October 14<sup>th</sup> Street Survival at Rt. 66 in Joliet. This is a great program to tell those with new teen drivers about and if you can donate your time to be an instructor and help out it would be appreciated.

Erik Vandermeij talked about the Autobahn event and any concerns we may have about a low turn out due to weather, etc. If we have a light registration count we can rent track for as short as one hour. We would still have the four-hour minimum for safety and corner workers. Need to note that for the track event at Autobahn, there can be no carts and no one under the age of 18.

**Trophies;** We will have to ask Ryan Weddle to look at how points are going after the 30<sup>th</sup> to start getting an idea on what trophies will look like.

We are still good on Trophy T-shirts for upcoming events.

**Sponsors;** Enterprise need to make things good again after their last screw up with us. Anyone know of a dealership that would lend a truck for events and advertise their name on the side? Good Facebook advertising opportunity and can be on our trophy shirts. We also announce our sponsors over PA throughout events.

### **Event Review;**

Event 4 review. Team Janulis course designers. The course was a lot of fun. The offsets threw a lot of drivers off at first. Participants were setting up for slalom but the DNFs started to taper off. It was a great course. Thanks for their time and hard work.

We had some confusion about ride a long that TSSCC normally does not allow. To clarify since we are under SCCA insurance when at Rt 66 and SCCA allows ride a long we can actually allow as long as they fill out the paperwork for weekend membership.

### **New Business/Old Business;**

Event #5 for us will be with INR. Our next event is Event # 6 at Rt 66 chaired by Dave Finchum. Following that 10/21 at Rt 66 will be chaired by Pete Maloy.

### **Announcements;**

The Bealls have wheels for sale. Voxx 15x7 aluminum wheels with like new Direzza Z2's 195/50/R15 (fits Miata) \$800.00
